READER.

OUR Seamen, though they are known to be the Bulwark of our Brittish Dominions, the sole Fence of our Country, and the only People upon whose undaunted Courage, redoubted Valour, Resolution and Conduct, our Liberties and Properties, nay our All wholly depend: who Fight our Battels at Sea, upon all Occasions and Emergencies, and vindicate our just Rights and Reputation all the World over, with the hazard and even expence of their dearest Blood. Yet the continued Abuses, and unnatural Affronts and Disappointments, to which they have been exposed in their Pay and Promotion, and other due Rewards, for Years past; and the studied Art that has been for some considerable time practised, not only to cheat, but to banish and betray them to Foreign parts, and sometimes Barbarous and Inhumane Slavery, are past enumeration; not to be comprehended (the World may be sure) within a small compass. So disingeniously (I shall not say treacherously) have some Beasts of prey about the Naval Administration of late Years carried themselves towards that sort of People, who in common gratitude ought to be otherwise rewarded; as doubtless they will, now Honesty is become Fashionable. I say Rewarded; and mean as to their Naval promotions, which ought not to be Sold but freely given them, as the just Reward of their Valour and Merit.

To the Reader.

I shall omit particulars, for that the main and true Intent of this Collection is to Inform the Sea-faring-men of England, what prodigious and puissant Defence Nature, Art, the Industry, and the Care of their Country have munified them with, and how little they need value any Foreign Encroachment or Insolencies, or fear the being pinched of one Farthing in their Pay at Home, even for a day, if they seriously peruse and inform themselves by the following List of the Navy Royal, and the Establish'd Pay-Book annex'd thereto: Being but a Mite of the Authors good will towards them, and e'en an handful of what he further intends to lay before them, relating to past Naval Tricks now expired.

In order whereto, you have here presented unto you a curious List of the Navy, consisting of 9 First Rates, 16 Second Rates, 38 Third Rates, 44 Fourth Rates, 13 Fifth Rates, 7 Sixth Rates, 7 Hulks, 12 Fireships, 18 Yatchts, 2 Ketches, 3 Hoyes 5 Smacks, 12 Sloops, 7 Prizes from Barbary. In all 191. With their respective Lengths (few excepted) Breadths, Depths, Draughts of Water, Tuns, when Built, Where, and by Whome. Where the Reader is to take notice, That the Ships Printed in a dark Text Character, are those 30 that were ordered to be Built by Act of Parliament, Anno 1676.

As to the Pay-Book you may thereby see what each man is allowed by the Government, from a Captain to a Swabber, either for a Day, a Week, a Month, or a Year; whereby no Seaman, tho' never so Ignorant, can be cheated or defrauded of one Penny of his Pay, if he does but consult any other, for want of Capacity of his own to do it; and that knows the Day of his Entry and Discharge, upon, and from any of the ensuing Ships. A.

To the Reader.

As for Instance; In the Table of Officers the Captain and Lieutenant are paid by the Day; namely, the Captain in a First Rate has 15 s. a Day; in a Second 12 s. in a Third 10 s. in a Fourth 7 s. 6 d. in a Fifth 6 s. and in a Sixth 5 s. The Lieutenant also has in the First and Second Rates 3 s. a Day; and in the Third and Fourth Rates 2 s. 6 d. As to other Officers and Seamen, they are paid by the Month; for instance; a Master in a First Rate has 7 l. a Month; in a Second 6 l. 6 s. in a Third, 4 l. 13 s. 8 d. in a Fourth, 4 l. 6 s. 2 d. in a Fifth, 3 l. 17 s. and in a Sixth Rate he is Captain and Master. A First Rate carries 6 Master's Mates and Pilots, as you may see; and has 3 l. 6 s. a Month each; a Second carries 4, at 3 l. a Man each Month; a Third carries 3, at 2 l. 16 s. 2 d. a Man each Month; a Fourth Rate 2, at 2 l. 7 s. 10 d. a Fifth Rate 2, at 2 l. 2 s. a Man each Month; and a Sixth Rate 1 Mate, at 2 l. 2 s. And so on of all other Inferiour Officers and Seamen, in each Rate proportionably, according to their respective Qualities. Where it is to be Noted, That that Seaman or Officer, who knowing his Entry on, and Discharge from any Ship, would likewise know what his Pay comes to for any odd Day, or Days, or a Week, according to his said Monthly Allowance; let him turn to the Daily, Weekly, and Monthly Pay-Table hereunto annexed, and that will inform him to a Day what he ought to have; every Man's particular Allowance from 1 Day to 13 Months being cast up there to his hand. As for Instance, a Carpenter of a Fifth Rate has 2 l. 5 s. a Month; and having served 11 Months, 3 Weeks, and 6 Days, would know what he ought to receive in the whole. First let him turn to the Column

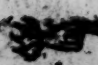

1 Month,

291H2

To the Reader.

1 Month, and let him trace that down, 'till he meets with his said Monthly Allowance of 2 l. 5 s. when he finds that, then the 7th. Column on the right hand, in the same Line under the Figure 7, shews you your 7 Months Allowance, being 15 l. 15 s. In the same Line trace to the left, from that same 2 l. 5 s. 'till you come to the Column under the Word Week, and next Column but one, under 3, shews you your 3 Weeks Pay, being 1 l. 13 s. 9 d. And for your 6 Days, turn to the Day-Columns; under the Figure 6 you will find 2 s. 7 d. and the first Column in your left hand in the same Line shews, that at the rate of 2 l. 5 s. aforesaid, you ought to receive for every Day, 1 s. 7 d. So of the rest of the Men; which if Seamen duly observe and guide themselves by, in the receipt of their Sea-pay, and that it falls to their Lot to be present themselves at their Pay, and not shammi'd off with those fatal Snares call'd Tickets: The Ticket Trade must fall and cease, the Reputation of the Navy remain unblasted, and the Seaman receive his full pay, without being forc'd (as they often-times are) to leave it behind them, to be snack'd between three sorts of People, Ticket Mangers, Needy Clerks, and Conniving Directors: A sort of Vultures, who first rob the Seaman of half his Pay, then drive him into Goal, or out of his Country to avoid it. In short, If any be concern'd at this, it is his Guilt makes him so; and so Farewell.

A. B.

 The Reader is to Note, That the six small Columns in the Pay-Book, indicate the particular Number of Officers, which each Ship and Vessel carries of that Kind.
